

NDIS Experimental Projection Art Workshop Program

How does it work?

Little Projectors Company provides a platform for people interested in art to unleash their creativity and share their unique voices, ideas, and experiences with the world through the power of projection art and sound. By utilising our mobile projection tools, such as [Projector Bike](#), [Back Story](#), and [Cinema](#), participants are empowered to take their work to public spaces and touch the community's hearts!

With a focus on co-design principles and a supportive, safe environment, participants are empowered to explore subjects and creative concepts that are meaningful and relevant to them.

1. Imagine creative minds coming together to design a fun program and create your own amazing projection artwork that not only enhances your creativity but also makes you proud. How cool is that?
2. We're really excited to see all the creative things you come up with for this project. Don't be afraid to think outside the box and try new things! We will encourage you to try all kinds of creative processes, from drawing and painting to sound, photography, video, collage, photography, cyanotype, video, cymatics, time-lapse, green screen, animation and digital processes! You can even explore public performances like live music, spoken word, theatre, vj'ing and live art! Let your imagination run wild!
3. Finally, the work is shared with an audience, either friends and family or the general public, using mobile projection tools, making it a truly transformative experience for all involved!
4. You will take home the magic of your very own projection artwork as a video so that you can share it with your loved ones and the world through social media!

### How will I be supported?

Our team of community workers, technicians, and professional artists is here to help you create and edit your digital artwork. Don't worry if you're new to this - we're here to support you every step of the way! Please get to know our friendly team [here](#).

### Who are Little Projector Company?

As an artist-led creative organisation, Little Projector Company strives to create joyful and inclusive experiences for all through the power of projection art, installations, performances, screenings, and tours that incorporate film, animation, storytelling, and sound design.

### When is it happening?

We would love for you to join us for our weekly program packed with fun and intimate workshops! The program runs for 6 weeks, and we're still finalising the day of the week based on what works best for all participants. When you fill out the registration of interest form, please let us know which day of the week works best for you. We can't wait to have you join us!

Here is the program outline. We will tailor the workshop activities based on what you would like to try out!

1. Week of Monday 29 April  
Learn about projection and its many creative applications and experiment with fun projection art-making techniques and creative processes.
2. Week of Monday 6 May  
Experiment with drawing, painting, collage, cyanotype, cymatics, animation, and digital processes.
3. Week of Monday 13 May  
Experiment with photography, video, time-lapse, and green screen, sound, and explore projection locations.

4. Week of Monday 20 May

Experiment with your preferred fun projection art-making techniques and creative processes, confirm projection location, choose a delivery method, such as [Projector Bike](#), [Back Story](#), and [Cinema](#), or a [semi-permanent projection installation](#), and invite friends, family, stakeholders and the wider community to the exhibition of your projection artwork.

5. Week of Monday 27 May

Create and edit your projection artwork, test the projection and make adjustments based on learning.

6. Week of Monday 3 June

Share your projection artwork with the invited audience (friends and family) or the general public, participate in the running and delivery of the event, operate the mobile projection tools, and close the project through a fun reflective evaluation!

What is the workshop running order?

- 10 am - 12 pm: Workshop session 1
- 12 pm - 12.30 pm: Lunch
- 12.30 pm - 2.30 pm: Workshop session 2

How many spots are there?

If you're looking to join a cozy group setting, we work with a group size of 4 participants with 2 mentors. It's a great way to get personalised attention and connect with like-minded individuals.

What do I need to bring with me?

Nothing! Just yourself and your creativity!

What will you provide to every participant?

- A comfortable space for making art in
- An accessible venue with toilets and a kitchen.
- Experienced artists, technicians, community workers and mentors
- An intimate 1 to 2 mentor to participant ratio
- Your own personal accessible media creation tool: iPad Pro or MacBook Pro as required
- Projection and creative software: Resolume, Madmapper, Adobe Creative Suite
- Projection technology: Projector Bike, Back Story, large format projectors, and projector mounts
- Video production technology: 4K video cameras, Canon 5d stills camera, tripods, green screen, lights, sound recorders, drone
- Art materials: paper, pens, posta pens, cyanotype kit, natural dying, cymatics and collage kit.
- Your final projection artwork on a memory stick
- Photo and video documentation of the projection exhibition event on a memory stick

Can I register if my NDIS funding is 'Self-managed' and 'Third-party'?

Yes! The program is suitable for the following NDIS participants:

- Your NDIS funding is 'Self-managed' and 'Third-party'
- You are willing and able to participate and commit to the program schedule

Accessibility

Open to new, emerging and experienced artists alike, the Experimental Projection Art Workshop Program for NDIS participants can be tailored for all skill levels and experiences. We take a therapeutic and strength-based approach in working with people to support curiosity,

self-enquiry and individual meaning-making. This is achieved through positive team cohesion, creative exploration and skills building within the community arts space. Participants will have the opportunity to work both individually and collectively in their chosen area of interest.

Where is it happening?

[Ferntree Gully Community Arts Centre](#), 1010 Burwood Hwy, Ferntree Gully VIC 3156.

The [Ferntree Gully Community Arts Centre](#) is accessible to people of all abilities.

- [Ferntree Gully Community Arts Centre - access key - large text](#)

Where will we show our projection artworks?

Did you know that the Ferntree Gully Community Arts Centre is located in the beautiful Wally Tew Reserve? You'll find plenty of options for sites to showcase your projection artwork, including trees, buildings, and any other spot that catches your eye! [Here](#) are some example projections we did at Wally Tew Reserve for the Knox Festival! Plus, we have a great working relationship with the Knox Council arts and culture team. They'll support us through the entire process of testing and displaying your projection artwork in the reserve. So why not give it a shot and let your creativity shine?
